

Lord Oliver Gallano-Gallego

Electronics Engineer

Iloilo City Proper, Western Visayas, Philippines

Summary

Highly motivated licensed Electronics Engineer with ability to manage projects, collaborate effectively, and lead teams through prior experience as president of a local and regional organization. Proficient in Microsoft Office Suite and adept at photo and video editing, offering additional skills for effective communication and project presentation.

Throughout my journey as a student leader, I polished my skills in managing my colleagues, time, projects, and programs. I also have a wide-range of experience in handling and using Microsoft programs and editing tools.

I can also utilize my skills in statistics and analysis through the constant use of statistical applications for the purpose of research and thesis studies throughout my journey.
